

HOOK-ON FORK POSITIONER WITH SIDESHIFT

Capacity: 2 000 – 5 000 kg
Width: 1 000 – 1 450 mm

POSITIONER ON STOCK

FEATURES

- Always in stock
- High performance and secure operation
- Good visibility
- Fits all trucks
- Easy installation

The HEC- and HEF-series are Hook-on attachments with fork positioning and integrated sideshifting. HEC is equipped with fork carriers, that allow you to use standard ISO forks. HEF on the other side, is equipped with standard length forks.

ISO brackets on the back of the positioners allow them to be mounted directly onto existing fork carriage.

The attachments have encapsulated, high-quality bearings, that are especially suitable for dirty environments. The Pin-type models offers precise positioning and noiseless operation. The forks and fork carriers are equipped with support rollers that allows sideshifting with full load.

OPTIONS

Load backrest and load protector can be added to the attachments or retrofitted. You can choose forks with other dimensions, material and coatings but also with other functions such as leveling forks, reach forks, forks with camera and sensor technology (laser, scale, IR, etc.) and QC6 - Quick connect system.
